Verdiem Surveyor

Power Management for Microsoft and Mac

As a power management solution for PCs, Macs, and Windows tablets, Verdiem Surveyor provides a unified approach for IT device data collection, policy management, administration, and analytics. Surveyor offers the most accurate approach to energy management and measurement and can reduce your IT energy costs up to 60%.

Optimize Savings and Improve Energy Benefits Efficiency

Surveyor helps accurately measure computer and tablet energy consumption, allowing you to enforce policies for greater energy efficiency and optimize savings. Surveyor delivers three IT efficiency solutions in a single integrated product:

- **PC Power Management** – Reducing PC energy usage starts with establishing a baseline of current energy usage data. Surveyor automatically detects and groups devices to capture accurate energy usage data and leverages the data to reduce power consumption.
- **Enterprise PC Wake** – Surveyor reliably wakes the PC fleet for security updates and patch management.
- **End User Print Analytics** – Uniquely monitor end user print activity and compile actionable data for devices and the people who use them.
