CloudFix

Save on AWS costs

CloudFix analyzes your AWS account, identifies cost saving opportunities and executes fixes with one click to realize immediate savings.

Cloud adoption continues to increase rapidly, with Gartner predicting a [growth in public cloud spending](#) worldwide from \$257.5 billion in 2020 to \$304.9 billion in 2021. It's never been more important to keep costs under control while you're scaling up the amount of solutions you're using in the cloud.

It can be difficult to see the full picture of your cloud usage and ensure you aren't paying for idle resources, wasted storage or unused capacity instead of channelling your budget towards revenue generating activities.

With CloudFix, you can make sure your cloud storage costs don't spiral out of control.
